IOSH MANAGING SAFELY

4-day IOSH certificated course covering the main aspects of health and safety legislation, responsibilities, management practices, etc. in line with the guidance published by the Health and Safety Executive (HSE) in HS(G) 65 Successful Health and Safety Management.

The course is aimed at supervisors and managers with delegated health and safety responsibilities.

COURSE ASSESSMENT

Delegates complete mock assessments throughout the course, culminating in completing a written/multiple choice examination set by IOSH. Delegates also complete a risk assessment on their premises using a template supplied by IOSH. Both the examination and risk assessment assignment are marked by our IOSH tutor and may be reviewed by IOSH. The written assessment and risk assessment project scores are combined to give an overall pass mark.

COURSE SYLLABUS

DAY ONE

Reactive monitoring
Health and safety legislation

DAY TWO

Risk assessment
Mock assessment 1

DAY THREE

Common hazards - fire, electricity, work equipment, movement of vehicles, housekeeping, manual handling, DSE, noise, chemicals, etc.
