LEADING A TEAM SAFELY

A nationally recognised course administered through the ECITB/CCNSG designed to raise the awareness of client's supervisors working at high risk sites across the UK.

CCNSG

Client Contractor National Safety Group

The course is run over 1-day covering a number of key topics that will help supervisors in their role as team leaders. By the end of the day you will have covered: how to communicate successfully, how to lead a team successfully, how to achieve safe outcomes, self management and how to work safely with others.

Delegates are asked to bring their National Insurance Number for inclusion on course documentation together with their current valid CCNSG Site Safety Passport and other proof of identify documents such as drivers licence, passport or utility bill; delegates wishing to obtain this qualification and who do not hold a current valid CCNSG Site Safety Passport must attend either a renewal or 2-day course first.

COURSE ASSESSMENT

Delegates are constantly assessed via tutor-led discussions and group exercise and by the end of units multiple choice assessment papers, for which the required pass mark is 16 out of 20 for each of the four assessments.
